Comments Regarding Pricing Strategy		
<p>The sales Comparison Approach was used. This approach uses the values indicated by recent sales and listings of comparable properties in the marketplace as guidelines for determining a fair market value of the subject property. A normal 90 to 120 day sale price would be recommended, market conditions with available inventory in this area of the Florida market and projected price point would not suggest a need for 30 day quick price sales strategy.</p>
