<b>Comments Regarding Pricing Strategy</b>		
<p>The value as of today is \$296000, with typical marketing time at 18 days. The subject property is located in a neighborhood with easy access to the highway. Most yards and home exteriors appear to be in good order with only minor maintenance neglect. The area has above average market demand. The neighborhood has a shortage of homes on the market as there are more homes which have sold than listed in the past 6 months. Naturally, this shortage has enabled prices to rise and this trend is expected to continue over the next 6 months.</p>		

### Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.

## Addendum: Report Purpose

### Market Approach and Market Time

The Market Approach of this report, as established by the customer, is: **Fair Market Price**. (See definition below.)

The Marketing Time as specified by the customer is **Typical**. (See definition below.)

Definitions:

Fair Market Price	A price at which the property would sell between a willing buyer and a willing seller neither being compelled by undue pressure and both having reasonable knowledge of relevant facts.
Distressed Price	A price at which the property would sell between a willing buyer and a seller acting under duress.
Marketing Time	The amount of time the property is exposed to a pool of prospective buyers before going into contract. The customer either specifies the number of days, requests a marketing time that is typical to the subject's market area and/or requests an abbreviated marketing time.
Typical for Local Market	The estimated time required to adequately expose the subject property to the market resulting in a contract of sale.
