| <p>The subject is a SFR home built in 1990 contains 3 beds and 2.5 baths, subject details taken from Tax. Subject in an average condition. Comparable condition verified from MLS comment and picture. The subject was sold on 07/20/22 for \$285600. The subject is located next to water bodies, park, worship center, retail amenities and other facilities. Due to lack of comparables within subject same side it was necessary to cross major boundaries such as major roads, and river, which won't affect its market value. Within 1 mile +/-30% gla, there were only limited comparables available, hence proximity was exceeded up to 2 miles. The difference in style due to the neighborhood area hard to find comparable that is similar to the subject in condition and criteria. To locate comparable which is similar to subject attributes half bath count, garage count, lot size and sold date 3-12 months were exceeded. In delivering final valuation, most weight has been placed on CS1 and CL3 as they are most similar to subject condition and overall structure. The choice of comparable has been made in terms of Gla to the subject and appears to be the best available at this moment.</p> |                    |                       |
