Comments Regarding Pricing Strategy				

Due to suburban density and the lack of more suitable comparisons, it was necessary to with in 1 mile from the subject, over 6 months from inspection date, guidelines for gla, lot size and some recommended guidelines when choosing comparable properties. Proximity to the highway and commercial would not affect subject's marketability and both sides of the highway and commercial are similar market areas. The subject should be sold in as-is condition. The market conditions are currently stable. The subject should be sold in as-is condition. Value best supported by sold comp 2 and list comp 1, being the most comparable to the subject.
