<b>Comments Regarding Pricing Strategy</b>		
<p>The subject should be sold in as-is condition. Value best supported by sold comp 2 and list comp 1, being the most comparable to the subject. Due to the lack of more suitable comparisons, it was necessary to exceed over 2 miles, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. All the necessary adjustments are made. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. Commercial presence for the subject would not affect the subject's condition or marketability. There is lack of similar comps available within a mile so it was necessary to extend the search for comps. Comps used are different styles due to the lack of recent market activity, used most similar found. There is lack of similar GLA comps available within a mile so the comps chosen were the best available and closest to the similar size as the subject. There is lack of similar age comps available within a mile so the comps chosen were the best available and closest to a similar age as the subject. There is no available similar bedroom and bathroom count in subject's neighborhood. Subject lot size count not available in tax, so I have estimated them based on online sources. Estimates Market Rent: \$2500</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
