Comments Regarding Pricing Strategy		
<p>The subject should be sold in as-is condition. The market conditions is currently Stable. Due to suburban density and the lack of more suitable comparisons, it was necessary to exceed over 2 mile from the subject, over 6 months from inspection date, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. Comps used are different styles due to the lack of recent market activity, used most similar found. There is lack of similar comps available within a mile so it was necessary to extend the search for comps. Commercial presence for the subject would not affect the subject's condition or marketability. Subject appears to be currently occupied verified from the tax record. The subject should be sold in as-is condition. Value best supported by sold comp 2 and list comp 3, being the most comparable to the subject. Subject market estimated rent:2450</p>		

Clear Capital Quality Assurance Comments Addendum
