<b>Comments Regarding Pricing Strategy</b>		
<p>I went back 6 months out in distance .5 miles and found 1 comp of which I could use with the correct requirements. I went back 12 months out in distance .5 mile and found 2 comps of which I could use with the correct requirements. I went out in distance .5 mile and found 3 listings of which I could only use with the correct requirements due to lack of listings in the immediate area. The comps used are the best possible currently available and the adjustments are sufficient for this area to account for the differences in the subject and comparables. There are more buyers than listings. Some sellers are receiving multiple offers when priced appropriately. The market isn't driven by REO's.</p>
