Comments Regarding Pricing Strategy		
<p>The subject should be sold in as-is condition. The market conditions are currently stable . Due to suburban density and the lack of more suitable comparisons, it was necessary to exceed over 1 mile from the subject, over 6 months from inspection date, guidelines for GLA, lot size, age and some recommended guidelines when choosing comparable properties. The address was not posted anywhere on the subject, it was verified through tax records, So I uploaded the street view photo for the address verification. This property is located in a gated or guarded community. I could not gain access. I have taken photos of the gate.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
