Comments Regarding Pricing Strategy		
<p>Due to lack of listings and sales, I searched a distance of at least 5 miles, gla plus minus 20 percent sqft, similar lot size, up to 12 months in time. Results: No other listing data that matched gla, lot size or condition were considered applicable regarding distance to subject, 6-month date of sale parameter, 90 DOM requirements, and still be within 15 percent tolerance range. The radius was continuously widened until comparables were located which were in a neighboring community. Therefore, I was forced to use what was available and the comparable listings and sales selected were the best available.</p>
