<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is located near to busy road, schools and commercially active region, this will not have any impact on subject marketability as similar location comparable were used in this report. Within 1 mile, there were limited comparable available supporting subject market conditions. Hence I was forced to use comparable exceeding in condition, sold date, bed/bath count and lot size. In delivering final valuation more weightage is been placed on CS1 and CL1 were selected as the best available comparable as they are most similar to subject condition and overall structure. As there were limited comparable I was unable to use similar bed count comparable in active comparable. As there were limited comparable I was unable to bracket GLA in active comparable. As there were limited comparable I was unable to bracket lot size in active comparable. Comparable (s1 and s2) received multiple offers which resulted in an increased final sale price relative to list price. The subject is in fair condition. Repairs: Exterior paint \$15000 Roof gutters \$2000</p>
