| <p>Please note there is a realtor sign in the front but it is not listed in the MLS. The lack of available comps in the subject's immediate neighborhood made it necessary to expand the search to use comps with newer buildings. Chronological age and site-size differences do not have a significant effect on value. The distance traveled for comps is farther than preferred; however, it was necessary and is typical for the area. The search was extended back 6 months, out in the distance of 1.5 miles, and even with relaxing 35% GLA search criteria, I could not find many comps that fit within 20% GLA requirements and had similar style and appeal. Within 15 miles and back 6 months, I found 8 comps, of which I could only use 6 due to condition or site-size factors. The comps used are the best possible currently available within 1.5 miles, and the adjustments are sufficient for this area to account for the differences in the subject and comps. Upon reviewing of all pertinent information, an opinion of the as-is market value of \$245,000 is adequately supported by emphasizing List No. 2 and Sale No. 2. Based upon an exterior inspection from the street; the subject property has no observable adverse condition noted that would cause a safety or health risk/concern at the time of inspection. Therefore no resale issues are foreseen.</p> |                    |                       |
