Comments Regarding Pricing Strategy		
<p>The subject is an SFR-type property and appears to be in average condition. The subject is withdrawn recently for \$265000 in 08/03/2022. Since there were limited comparable available within the subject's market neighborhood, it was necessary to use sold comparable with a sale date beyond 180 days from the date of this report. I have searched a distance up to 0.5 miles, GLA +/-20%, year built +/- 20, and up to 6 months back. To get enough comparable, it was necessary to exceed the style, condition, year built, bed/bath count, lot size, and proximity up to 1 mile. Due to limited comps in the area it was unable to bracket year built for the comps. Due to limited comps in the area, 3 sales with contract dates within 120 days of the effective date of the report could not be provided. In delivering the final valuation, the most weight has been placed on CS2 and LC1 as they are most similar to the subject condition and overall structure. The subject is closer to school, park, worship places, busy roads, and commercials and it will not affect the subject value and marketability. The details were taken from tax.</p>
