| Comments Regarding Pricing Strategy | | |
| <p>The subject is located in proximity to major roads, park, educational institutions and retail amenities. Subject location characteristic does not adversely affect its marketability. Due to dearth of comps in the subject same side it was necessary to exceed major roads. To maximize the accuracy of initial valuation, I have elected to increase the time span of closed sales past the favorable 3-month window to find comparable that required the fewest net adjustment. The tolerance of bed/bath and garage was exceeded to find comps. Price range was over 20%in difference due to the neighborhood area hard to find comparable that is similar to the subject in condition and criteria. All of the comparables utilized are in the same immediate market area as the subject. However, sale #2 and List #2 held the most weight in the final analysis as they are most similar to subject condition</p> | | |

Clear Capital Quality Assurance Comments Addendum
