Comments Regarding Pricing Strategy

The subject is a SFR home with GLA 2022 sqft and in average condition. I have searched within 6 months, /-20% GLA, /-10 years age, and proximity up to 1.94 miles guidelines. There were limited comparables found. To stay closer to the subject, sold comps were used despite bracketing the GLA as they are still considered to be reliable comparables. The necessary adjustments are made on variance in the guidelines. In delivering the final valuation, most weight has been placed on CS2 and LC2, as they are the most similar to subject condition and overall structure. The subject is located near the park, school, busy roads and commercial centers. However, these factors do not affect the market value of the subject. The subject details are estimated as there was no information in the tax.
