Comments Regarding Pricing Strategy		
<p>The choice of comparable has been made in terms of proximity to the subject and appears to be the best available at this moment. The utilized comparable are as similar in GLA, style and age as possible. It was necessary to exceed the proximity to the subject guideline of 1 mile Style, bed/bath count and lot size in an effort to use the best available comparable from within the subject's market area. Due to limited comps in the area, comp were used despite not bracketing the lot size in sold comps and list comps as they are still considered to be reliable comparable. The value and marketability will not be affected with the subject being located near highway, park, main road, and commercial area. Sale #3 and List #1 held the most weight in the final analysis. Subject details are taken from Tax.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
