Comments Regarding Pricing Strategy		
<p>The subject is a SFR with 1888 Sq. feet, built in 1983 contains 3 beds/2.1 baths, the subject details were estimated and the subject is in average condition. Due to limited comparable it was necessary to exceed boundaries such as highway, major roads and it will not affect the market value. It was necessary to exceed lot size, bed/bath count ad condition due to limited comparable in the subject neighborhood. In delivering final valuation, most weight has been placed on CS3 and CL1 as they are most similar to subject condition and overall structure. Market value is based upon current market conditions, days on market, location, property condition, and comparable available at the time of evaluation. Subject details have taken from tax.</p>
