Comments Regarding Pricing Strategy		
<p>The subject is located near to major road and a commercially active region, this will not have any impact on the subject's marketability as similar locations comparable were used in this report. Within 1 mile there were limited comparable available supporting subject market conditions. Hence I was forced to use comparable exceeding in the proximity up to 2 miles, condition, style, year built, closed date beyond 6 months, bed/bath count, basement and lot size. Subject bed/bath is unique in its neighborhood. The comparable CS2 and CL2 were selected as the best available comparable. Subject details are taken from the tax records.</p>
