The subject should be sold in as-is condition. The market conditions is currently Stable. Due to suburban density and the lack of more suitable comparisons, it was necessary to exceed over 1 mile from the subject, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. Subject appears to be currently occupied verified from the tax record. Comps used are different styles due to the lack of recent market activity, used most similar found. Proximity to the highway and commercial would not affect subject's marketability and both sides of the highway and commercial are similar market areas. List 3 Comp were weighted the most and similar in bedrooms and close proximity. Sold comparable 3 was weighted the heaviest due to GLA.
