Comments Regarding Pricing Strategy		
<p>The subject property is a Townhome with Condo Ownership, which is in overall average condition on the exterior. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 1 Mile and back 6 months in time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. The subject is in average exterior condition and priority was given to locating comps which are in average condition. There is a shortage of similar comps, especially properties in average condition, and it was necessary to use three superior condition comps within this report. All comps used in this report are from the subject's subdivision. Inventory is increasing, and demand is decreasing within the subject's market area. REO/SS are less than 1% of recent sales and listings in this area. Sale 1 received the most weight on the subject's price due to its similar attributes to the subject property.</p>
