<b>Comments Regarding Pricing Strategy</b>		
<p>Due to the extreme lack of similar comps several guidelines had to be exceeded, including distance, year built and SF. Search radius was roughly two miles. Asking prices in this area are quite erratic. Values appear to be stabilizing. Sold adjusted values are fairly consistent. Final value is weighed most heavily on Sold Comp 1 as it is proximate, appears to be most similar and is a recent sale. Due to the lack of similar sold comps, I had to use sold comps that were more than 3 months old. It is common and expected, due to the average age of homes in this area, that some sort of upgrade or remodel would be typical simply due to normal wear and tear of various components. This expectation would also apply to Subject Property. As an example, original carpeting has already worn out. Homeowner would typically replace with whatever is in style at that time, rather it be tile or wood laminate flooring. This would not be an upgrade or remodel, simply a replacement of a worn-out item.</p>
