Comments Regarding Pricing Strategy

The subject should be sold in as-is condition. The market conditions is currently stable. The subject is occupied and verified through tax records. Proximity to the highway and commercial would not affect subject's marketability and both sides of the highway and commercial are similar market areas. Due to suburban density and the lack of more suitable comparisons it was necessary to expand the search up to 5 mile from the subject, up to 12 months from inspection date, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. Comps used are different styles due to the lack of recent market activity, used most similar found. Sold 3 and List 2 Comp were weighted the most similar in GLA and Final value.
