Comments Regarding Pricing Strategy		
<p>I went back 3 months, out in distance .5 mile, and was unable to find comps that fit the correct requirements due to lack of sales in the neighborhood. I had to go back 6 months, out in distance 1 mile, and was able to find 3 comps of which I could use that fit the requirements due to lack of sales in the neighborhood. I went out in distance 1 mile in similar neighborhood with same market values and found 3 listings of which I could only use due to low or zero inventory factors. The comps used are the best possible currently available comps within 1 mile and the adjustments are sufficient for this area to account for the differences in the subject and comparables. There are more buyers than listings in this market. The market isn't driven by REOs.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
