Comments Regarding Pricing Strategy		
<p>The subject property is a condo 1011 square feet single-family home was built in 1983, containing 2 bedrooms and 2 bathrooms and property on an average lot for the subdivision. The MLS search criteria looked for comparables with a GLA range of +/-20% Sq Ft,+/-20% year built.I had to expand my MLS search out 1.5 miles in distance in time for comparable due to the subject's unique gross living area, lot size and quality of construction. Expanding my search out in distance had no impact on pricing, thus no location adjustment was necessary. It was necessary to use a comparable listing with superior in condition due to limited comparable availability in the subject's area.In delivering final valuation, most weight has been placed on CS1 and CL1 as they are most similar to subject condition and overall structure.</p>
