Comments Regarding Pricing Strategy				

I came to this pricing suggestion by analyzing the most current comps which are located as close to the subject as possible and are as close as feasible in square footage, location, condition, style, and acreage as the subject property. I have searched a distance up to 1 mile, GLA +/- 20% sq ft, lot size +/-30% sq ft, age +/- 20% yrs and up to 3 months in time. In delivering final valuation, most weight has been placed on CS2 and LC2 as they are most similar to subject condition and overall structure.

Clear Capital Quality Assurance Comments Addendum

Reviewer's The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported. Notes
