<b>Comments Regarding Pricing Strategy</b>		
<p>Subject details were taken from tax record. The subject property is Ranch, having 1030 sqft. and built in the year 1942. Subject is well maintained in Average condition. Subject is located near to major roads, and reasonably near to educational center, shopping center and highway. The subject nearest location characteristics will not affect the subject's marketable value negatively. Search distance extended up to 1.42 miles due to limited availability of active comparable within closer proximity. Comparable with minor updates also taken and its condition confirmed with available MLS and pics. It was necessary to exceed bed bath count due to limited comparable in the subject neighborhood. Since there were limited comparable that were similar to the subject attributes within the same side of the busy road, I was forced to select comparable crossing a major road and it will not affect the subject marketable value. Based on the comps selected, most weight has been placed on CS3 and LC1 as they are similar in style, condition, age, view and sale type and overall structure.</p>
