Comments Regarding Pricing S	trategy			

Two of the 3 Sale comps available represent a credible value conclusion. Very limited comps suitable for the purpose of this report. Market has decreased at a rate of 4% per month for the last 4 months but appears to be rising slightly, but likely due to spring time when more buyers are active in the market.

### Clear Capital Quality Assurance Comments Addendum

Reviewer's The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported. Notes
