Comments Regarding Pricing Strategy		
<p>Within 1 mile, 20% GLA +/-, Year built 20 +/-, there were limited comparables available in the subject neighborhood. Since there were limited comparable available within subject's market neighborhood, it was necessary to extend sold date to 12 months. Since limited comparables were available, it was necessary to use comparables with closed date beyond 3 months. In order to support the subject's GLA, it was necessary to use comparable that differed from the subject's view. Subject is unique in half bath. To locate comparable, it was necessary to exceed bed bath count and lot size over 20% guidelines. To stay in closer proximity need to use good condition comparable. Subject is unique in pool. Within 1 mile, 20% GLA, 30+/- year built, no comparables with pool found. Subject is located near busy road, school, golf course, highway, worship area, park, RR track and commercial amenities. Due to limited comparable from same location, it was necessary to use comparables from across the major roadways. However, this won't affect the market value. The comparables selected were considered to be the best available. In delivering final valuation, most weight has been placed on CS2 and LC2 as they are most similar to subject condition and overall structure. Subject details are taken from tax record. Comparables garage count is verified using MLS. Comparable (CS2) received multiple offers which resulted in an increased final sale price relative to list price.</p>
