Comments Regarding Pricing Strategy		
Comps are based on similarities of the subject's age, condition, GLA, and lot size. Comps are pulled within a 2 mile radius of the subject. Sold comps go back 12 months. Had to the radius and went back 12 months for sold comps due to a shortage of listing and sold comps. Extending the radius does not make any difference in value. I went with the MLS characteristics. Seems to be more accurate than the public record.
