Comments Regarding Pricing Strategy		
<p>The subject is located in the Harris area as is a Single Family Detached. It was necessary to expand past 1 mile to find comparables that support the subject's GLA and Location. The lot size, GLA and year built tolerance for comparables had to be expanded in order to locate properties that supported the subject GLA and attributes. To locate comparables in close proximity to the subject, it was necessary to exceed the closed date. The difference in style due to the neighborhood area hard to find comparable that is similar to the subject in condition and criteria. Due to limited comps in the area, comp were used despite not bracketing the lot size as they are still considered to be reliable comparable</p>
