Comments Regarding Pricing Strategy		
<p>Within 1 mile, +/-20% GLA, +/-20 year built guidelines and 12 months back, there were limited comparable available. Therefore, it was necessary to exceed lot size, closed date and lot size guidelines. Due to the lack of comparable that fell within the subject's bracketed square footage, it was necessary to search further back than three months up to twelve months (but used due to stable market conditions). Subject has pool. Within 1 mile and 12 months back, there were no listing comparable available with pool. Necessary adjustments were made. The value and marketability will not be affected with the subject being located near park and commercial buildings. Comparable used in this report are from same location and neighborhood. In delivering final valuation, most weight has been placed on CS2 and LC2, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>
