Comments Regarding Pricing Strategy		
<p>The subject is a SFR 1 story, containing 1597sqft, 3bed/2bath, which was built in 1986 and is located near school, park, non residential properties, commercial area and retail stores and will not affect the subject. It was necessary to use a comparable listing with superior in condition due to limited market activity in the subject's area. The difference in bed count due to the neighborhood area is hard to find comparable that is similar to the subject bed count. Comparable with styles dissimilar to the subject (but with similar attributes) were used to provide a basis for the subject's GLA. In delivering final valuation, most weight has been placed on CS1 and CL2 as they are most similar to subject condition and overall structure.</p>
