Comments Regarding Pricing Strategy

The subject property is a Townhome, which is in overall average condition on the exterior. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 3 Miles and back 12 months in time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. Listing comps were searched for beyond 1 Mile to locate properties similar in property type. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. The subject is in average exterior condition and priority was given to locating comps which are in average condition. However, there is a shortage of similar comps, especially properties in average condition, and therefore it was necessary to use one superior condition comp within this report. Inventory is decreasing, and demand is decreasing within the subject's market area. REO/SS are less than 1% of recent sales and listings in this area.
