| Comments Regarding Pricing Strategy | | |
| <p>The subject is a SFR 2 story, containing 2096sqft, 3bed/2.1bath, which was built in 1997 and is located near school, highway, park, retail stores and non residential properties and will not affect the subject. It was necessary to exceed the lot size variance guideline of 25% in an effort to use the best available comparable from within the subject's market area. The difference in bed count due to the neighborhood area is hard to find comparable that is similar to the subject bed count. Comparable with styles dissimilar to the subject (but with similar attributes) were used to provide a basis for the subject's GLA. In delivering final valuation, most weight has been placed on CS2 and CL2 as they are most similar to subject condition and overall structure.</p> | | |
