Comments Regarding Pricing Strategy

Subject property is located North-West of Denver, Colorado in the city of Federal Heights, Colorado, in the neighborhood called Federal Heights an older neighborhood built in the late 1950s, close to schools, shopping, retail, restaurants, medical and dental offices, day care, parks, trails, open space, grocery stores, banks, worship, pharmacy, public transportation, and highway access. 30-minute drive to downtown Denver, 30-minute drive to the airport. This neighborhood in Federal Heights Colorado has all the same issues as of many of the neighborhoods in the Denver-metro areas, some neighborhoods still have low inventory, even with decreasing homes prices, and inventory increasing, homes are still selling at a reasonable rate even with the rise in interest rates, homes are going under contract on average in 48 days. Although we are seeing some adjustments in pricing after the rate increases, and Sellers are having to make some concessions, like allowing the Buyer to have inspections, and paying some of the Buyer's closing costs. Based on my investigations of the subject property, the condition of the subject property, the market conditions in the neighborhood, I am placing the value of the home at \$546,980.00.
