Comments Regarding Pricing Strategy		
<p>This particular area has strong comps and typically fast sales. All comps are similar style, features, build quality and likely comparable condition. There is a shortage of ranch model comps, it was necessary to use sold comps that have closed within the prior year but this is acceptable as Colorado generally has a seasonal market. Listed #3, Sold #1 & Sold #2 are similar design/style and located in the Subject's subdivision, most weight was placed on these comps for final price conclusion and as adjusted and averaged provide a likely reliable indication of the Subject's value in the current market. No adjustments made for age or acreage as there is no marketable difference.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
