Comments Regarding Pricing Strategy		
<p>Due to suburban density and the lack of more suitable comparisons, it was necessary to exceed over 1 mile from the subject, over 6 months from inspection date, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. The value as of today is \$270000. Value best supported by sold comp 3 and list comp 2 is the most comparable to the subject. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. Commercial presence for the subject would not affect the subject's condition or marketability. There is lack of similar comps available within a mile so it was necessary to extend the search for comps. Comps used are different styles due to the lack of recent market activity, used most similar found. The home rent price= 1,361.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
