Comments Regarding Pricing Strategy		
<p>Pricing suggestion came about from analyzing the most current comps which are located as close to subject as possible and are as close as feasible in square footage, location, condition, style and acreage with subject property. I have searched a distance up to 0.5 mile, GLA +/- 20% sqft, lot size 30% +/- sq ft, age 20% +/- yrs and up to 3 months in time. This was expanded to up to 12 months in time, proximity up to 1 miles, age, gla, bed bath count due to lack of similar homes. To obtain values in similar location of the subject it was necessary to use dissimilar bed/bath count comps. Subject is located near freeway/highway, commercial buildings, river, railwayline, school, park, However it doesn't make impact on the value. SOLD 2 and LIST 1 were considered most weighted comps similar in condition, location, GLA, etc.</p>
