Comments Regarding Pricing Strategy

Subject details are taken from tax records. The comp pricing provided are for current market conditions and they do provide a basis point for current subject price opinion. To locate comparables in close proximity of subject, it was necessary to exceed condition, bed/bath count, style and lot size. Due to limited comps in the area, sold comp were used despite not bracketing the full bath count as they are still considered to be reliable comparable. Comparable S2 received multiple offers which resulted in an increased final sale price relative to list price. To reach a value conclusion, most weight was placed on CS2 and LC1, as they are most similar to subject condition and overall structure. The Subject is located closer to the main road, school, busy road, park and commercial area. This however, will not have an effect on value and marketability.

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.

Instructions last updated: 07/29/2024

Purpose:

Please determine a Fair market price for this property at which it would sell in a typical marketing time for the area.

Comparable Requirements:

If any of the following comparable criteria cannot be met, the commentary is required as to why you expanded your search, and what the effect on price will be.

1. Use comps from the same neighborhood, block or subdivision.
2. Use REO comparables only if the market is driven by REOs and they are comparable in characteristics and condition.
3. Use comps that have closed in the past 3 months to show the current market conditions. In rapidly changing markets, active listing comps should be given equal or greater weight than sold comps in your analysis.

Property Condition Definitions:

1. Poor: Uninhabitable or severely damaged from fire, flood, vandalism or mold
2. Fair: Repairs needed, may not be eligible for all forms of financing, below the neighborhood average
3. Average: Minor cosmetic or no repairs needed; typical for the neighborhood, move-in ready but no significant updates or renovations
4. Good: Above average, move in ready, no repairs necessary and has recent and significant updates and/or renovations (or, for customers that do not provide for 'Average', any move-in ready property)
5. Excellent: Newer construction (1-5 years) or high end luxury
