List 2 Comp were weighted the most and similar in bedroom Sold comparable 2 was weighted the heaviest due to year built and bedroom. The subject should be sold in as-is condition. The market conditions are currently stable. Commercial presence for the subject would not affect the subject's condition or marketability. Comps in different styled to the subject were used due to lack of recent similar inventory with comparable GLA & Lot dimension. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. No similar comps with pool in subject's neighborhood, So comps I have used in this report are shows current market condition. So the value I estimated would be the best value for the subject. Subject occupancy verified through the car in front of the home.
