Comments Regarding Pricing Strategy		
<p>The subject is recently sold on 05/02/2023 for \$158000. The subject is unique in lot size. To locate the comparables it was necessary to exceed the proximity upto 4.88 miles. Within 1 mile, 20% GLA +/-, sale date to 3 months, Year built 20 +/-, there were limited comparables available in the subject neighborhood. Therefore it was necessary to exceed the closed date to 12 months, +/-30% year built, bed bath count, lot size. Due to limited active comparables, I have exceeded the year built. Due to limited comparables, I have exceeded the closed date beyond 3 months. The comparable selected were considered to be the best available. The value and marketability will not be affected with the subject being located near a residential area, highway, worship, school, park, RR track, busy street, commercial area. Due to limited comparable from same subject location, it was necessary to use comparable from across the highway, but from the similar neighborhood. It will not affect the current market value of the subject. In delivering the final valuation, most weight has been placed on CS2 and LC1 as they are most similar to subject condition and overall structure. The subject details are taken from the tax record.</p>
