Comments Regarding Pricing Strategy		
<p>Subject details were taken from tax record . The subject is located in the Houston area as is a Townhouse. It was necessary to expand past 0.5 mile to find comparables that support the subject's GLA and Location . Comparable S2 received multiple offers which resulted in an increased final sale price relative to list price. To reach a value conclusion, most weight was placed on CS1 and LC2 , as they are most similar to subject condition and overall structure. Subject is located on a busy street and close in proximity to large buildings,commercials and mixed use area. The location feature will have no impact on the subject's marketability.</p>
