Comments Regarding Pricing Strategy		
<p>The subject should be sold in as-is condition. The market conditions is currently Stable. Due to suburban density and the lack of more suitable comparisons, it was necessary to exceed over 1 mile from the subject, over 6 months from inspection date, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. Commercial presence for the subject would not affect the subject's condition or marketability. The subject should be sold in as-is condition. Value best supported by sold comp 2 and list comp 3, being the most comparable to the subject. There is lack of similar GLA comps available within a mile so the comps chosen were the best available and closest to the similar size as the subject. There is lack of similar age comps available within a mile so the comps chosen were the best available and closest to a similar age as the subject. There is lack of similar acreages comp available within a mile so the comps chosen were the best available and closest to the similar acreage as the subject.</p>
