Comments Regarding Pricing Strategy		
<p>Pricing and marketing strategy is based on the client's requested marketing time, currently sold and list comps used in the report, as well as current and perceived marketing and sales trends. Note that the overall market condition has been taken into account in arriving at the final opinion of value. Due to the lack of comparables, it was needed to use comps that vary in characteristics. The subject remains strongly bracketed by these comps and results in an accurate evaluation. NOTE: Subject property type is based on tax records and county appraisal.</p>
