Comments Regarding Pricing Strategy		
<p>Subject details were taken from tax record .Pricing recommendations is subject to an exterior inspection and are based on adjusted value of sold comps with some weight given to competing comps and current market conditions. The distance guideline was expanded up to 1.1 miles in order to locate a comparable that would support the subject's GLA, Age and Condition. GLA, year built and lot size tolerances for comparable were expanded in order to locate comparables that were supportive of the subject GLA and other attributes. In order to include comparable to reinforce the subject's GLA and other attributes, the sold comparable search was broadened to 6 months time. Subject is located closer to school,main road and commercial area.This however, will not have an effect on value and marketability. More weight has been given to CS3 and LC1 which are similar in GLA and maintain the overall value and structure related to the subject. As per the subject MLS, the property is updated and similar comparable are used in the report</p>
