**Listing Comments** Why the comparable listing is superior or inferior to the subject.

**Listing 1** This home is slightly older but the comp is quite a bit larger which will make it have a higher market value given the two homes have the same features.

**Listing 2** This home is inferior and will have a lower market value. The home is smaller and older and located on a street with a lot of rental homes that are not as high of condition as the subject.

**Listing 3** This comp is smaller and older than the subject. The other features are similar but the comp is very close to some retail and other businesses so the value is lower overall.
