Comments Regarding Pricing Strategy		
<p>The subject should be sold in as-is condition. The market conditions are currently stable. subject is located near a busy road and commercial . This factor does not affect the subject's marketability Value best supported by sold comp 2 and list comp 3, being the most comparable to the subject. Subject lot size not available in tax verified through online source. Subject is in rural area Due to rural density of the subject's location, the house is very low in the area. To find the similar comps to the subject, it was necessary to expand the search over 5miles. Lack of comps available, the comps chosen were the best available and closest to the same Lot size, gla as the subject.</p>
