Comments Regarding Pricing S	trategy				

The subject should be sold in as-is condition. The market conditions is currently stable. Few comps available, the comps chosen were the best available and closest to the GLA, bedroom, lot size and age as the subject. The comps I have used in this report are shows current market condition. So the value I estimated would be the best value for the subject. Sold Comps 3 and List comps 2 are gives more weight to my estimated value due to GLA and similar market area.
