Comments Regarding Pricing Strategy		
<p>SFR average close price decreased 2.7% from year over year (TWH/Condo- increased 12.6%). Inventory remains below what is considered a balanced market. Days on market are averaging around 40. Homes are averaging 100% list to sales price ratio. The suggested list price is based upon comparable sales used in account with current market conditions. Also based on exterior inspection only- interior condition could dramatically affect the value of the property.</p>
