Comments Regarding Pricing Strategy		
<p>The market was slow for comps similar to the subject's style and GLA within the immediate neighborhood. Due to the lack of available comps, I went back 6 months, out in distance 5 blocks, and even with relaxing gla search criteria I was unable to find any comps which fit the style requirements. Within 5 blocks and back 6 months I found 8 comps of which I could only use 6 due to condition factors. The comps used are the best possible currently available comps within 5 blocks and adjustments are sufficient for this area to account for the differences in the subject and comparables.</p>
