<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is in average condition and no repairs were noted. As long as the subject is priced within the market value of the most recent similar comps within the subject property's area there should not be a problem with resale. Within 1 mile, 20% GLA +/-, Year built 20 +/-, there were limited comparables available in the subject neighborhood. Therefore it was necessary to exceed the closed date and proximity exceeded up to 3.1 miles. Due to limited comps available, active comps were despite not bracketing the GLA since they were considered to be reliable comparable. Comparables(CS2) received multiple offers which resulted in an increased final sale price relative to the list price. Due to limited comps in the area, 3 sales with contract dates within 120 days of the effective date of the report could not be provided. In delivering the final valuation, most weight has been placed on CS2 and LC2 as they are most similar to the subject condition and overall structure. The subject property is located near the residential area, highway, water bodies, school, park, worship, main roads, and other commercial. Due to limited comparables, some comparables were taken crossing the highway. This, however, will not have an effect on value and marketability. The details were taken as per the tax record.</p>
